8050 ZURICH  
SWITZERLAND

Dear Sir/Madam,

**ASSIGNMENT OF TIDS # 96-0 7593 2**

We are pleased to advise you that your agency has been assigned the Travel Industry Designator Service code indicated above.

This code ensures identification of your travel agency by the travel industry suppliers participating in the TIDS programme. To obtain a current list of all the suppliers, kindly access our website at: [www.iata.org/tids](http://www.iata.org/tids). Please allow thirty (30) days for this code to be transmitted to the travel industry suppliers and for their systems to be updated. Please contact your local Global Distribution System (GDS) representative to ensure that your TIDS code has been properly entered into their system.

To maintain our records, may we ask you to keep us informed of any changes to your name, address, telephone, fax and e-mail.

We wish to remind you that the allocation of this code does not entitle your company to represent itself as an IATA Accredited Agent nor to use the IATA logo. If, in future, you wish to sell international air transportation, you should apply for IATA accreditation. Full details and application forms can be obtained from our website: [www.iata.org](http://www.iata.org).

We are confident that you will gain significant benefits from the use of your TIDS code. If you have any queries concerning this service, please do not hesitate to contact us.

Yours faithfully,

P. P. 

Ignacio Mula  
Manager, Agency Management Europe
